

Costa Rica

Biodiversity and adventure in the tropics!

With Eric McAdam and Wendy Boone

Enjoy **adventure** activities and **wildlife** in one of the most biodiverse places on the planet. The Osa Peninsula in Costa Rica holds about 2.5% of the planet's biodiversity in an area about three times the size of Prague!

Required activities – Visit to 3 national parks (Manuel Antonio NP, Caño island BR, and Corcovado NP)

Optional activities – Surfing lessons, zip lining, canopy walks, rafting/tubing, cooking classes.

14-25 June | 15 pers max | sekunda → sexta |

45000 Kc/person (NOT INCLUDED – airfare, insurance, optional activities (+ 5500Kc/pers))
