WELCOME TO OUR KINDERGARTEN

Little Fish

Little Tigers

Dear Parents and Children,

The first month of the new school year is already over and we would like to share with you the wonderful moments and memories we have so far. On September 4th, we proudly welcomed our Little Fish and Tigers and their parents to the kindergarten. The newcomers were very brave and managed their first days very well. We also really appreciate how the returning kids helped the newcomers with their adaptation. They were very kind. As a result, children in both classes made new friends, they have formed a great team and a lovely atmosphere, which was our main goal for this month. To top it up, we had a few birthday celebrations together and lovely parties!

We were lucky to have a lot of sunny days in September and attend some events. On September 20th, we had the annual Usborne Bookfair held in PORG Campus. The wide selection of books had the children with sparkles in their eyes. The Kindergarten Team also hosted a Welcome Party in the playground. The children and their parents enjoyed it with an orientation track game and a tasty meal prepared by some of the parents and teachers. We as teachers were delighted to have a chance to meet and chat. Thank you all for coming and spending a splended time with us.

WELCOME PARTY

We had lot's of fun grilling, chatting, playing, dancing and we really got to “know us better"!

Orienteering

Having fun

Yummy yummy

BOOK FAIR

We spent lots of time lost in colorful pages, pop-up books and interesting editions in our annual book fair!

WELCOME MR MATT

We got to meet Mr Matt, a very nice english speaking teacher who played games with us, and we showed him our class and toys!
we look forward to seeing him every week on Tuesdays - once in the Fish class, then again in the Tiger class

A GLANCE INTO OUR CLASSROOMS

KNOWLEDGE

This month, we have focused on classroom rules, children learnt their signs, tried to learn friends' names.They got to know some basic information about place and surrounding of the kindergarten and how to keep safe in the playground or classroom. Then, we discussed their favourite toys and activities they like to do. We also incorporated games to support our team spirit. Additionally, they learnt numbers, the current season, and days of the week. We used to music for make learning more fun while also moving to the beat.

JOLLY PHONICS

Children have started to learn the 1st group of sounds in Jolly Phonics. Firstly, they were hissing Alike a snake. Then, they had a picnic with ants crawling on their arms and as a next, they played a tennis game. They have met Snake, Inky and Bee puppets that are helpers throughout Jolly Phonics Learning. They were also singing Jolly songs of each sound and learnt vocabulary. Reception children started to write the sounds according to the writing rules. The younger group focused on the development of fine motor skills in tracing or coloring. Children also work with Jolly Classroom program for developing their skills.

LITTLE TIGERS CLASS
