

SEPTEMBER NEWSLETTER "HELLO FRIENDS!"

Dear Parents and Children,

It seems to be unbelievable that September has just gone and the 1st Newsletter is already here.

Let us share with you the wonderful moments we have shared so far. On 2nd September, we welcomed children to three different classes as compared to previous last years when we had just two. Introducing to you, we now have Little Tigers, Little Fish and Puffy Clouds! Amazingly, the name Puffy Clouds was chosen by the reception kids. We commend them for choosing such a lovely name for their class. As we all know, September is a time of adaptation. Our small heroes did brilliantly during this time. The newcomers managed their first days very well and at the same time the returning kids deserve our thanks for giving them a hand. September has brought weeks of hot and sunny days. We enjoyed the end of summer in the garden with lots of fun, laughing and eating watermelons from our garden. So refreshing and tasty! Yummy yummy!

To top it all, we also had a few birthday celebrations together. Thank you for the tasty donuts, cakes and muffins that the birthday boys and girls brought. The little tummies were full and happy. In addition, Hopsalín Clown came to entertain us as we celebrated Annabel's Birthday. There were balloons in the shapes of animals, flowers and hearts everywhere. On 26th September, Mrs. Špačková, a speech therapist came to find out our children´s pronunciation and articulation´s skills.

Finally, we would like to invite you to our Welcome Party on 2nd October. We hope we will be lucky with weather on this day and be able to have a nice chat with you all.

Yummy, yummy Watermelon !

The reddest, the sweetest, the most delicious, simply the best! What? The watermelon from our garden."

We like to move it, move it.

Yes, everyone loves to move now! All the children have started enjoying exercising with
Ms. Zuzka, and they are having a lot of fun. And not just the kids!

WELCOME MR MATT

Yes, it's here! Fun morning with Mr. Matt. Every week we have lots of games and songs with our native speaker. No boredom, we learn through play.

Let's have fun ...

Head, shoulders, knees ...
