Dear Parents, Children and Colleagues,

I am delighted to welcome you all to the new academic year 2024/2025.

The first month is behind us. During the holiday, our school was partly reconstructed, repainted and refurnished. Our youngest members, preschoolers, have a new Butterflies classroom. We are pleased with the unique decoration of painter MgA Witasek, and we are grateful for his contribution to our school.
The beginning of the school year was challenging. Ostrava and North Moravia were facing a big flood, which caused huge damage to the infrastructure and houses, and brought complications to many people. We are lucky that our school wasn't a part of this natural disaster, and our children could continue to attend the school.

The new school year brings a wave of excitement with new clubs such as Craft Club, Brain Games and Junior Duke. In the Preschool, we opened the Art & Craft Club, Games, Storytelling and Let's Move Clubs this year, offering our students a wide range of engaging activities.

We continue collaborating with the Eduard Marhula Music School. Thanks to this partnership, our students can continue their music lessons organized by the music school in our building. The big benefit is that we also got two new Yamaha pianos for your students. I believe children will enjoy the beauty of the music and enjoy every lesson.

I am proud to announce that the PORG International School has kept its position as one of the top 100 best schools in the world. Based on the Institute of Education Information of Hong Kong Professional Education Press (HKPEP), today, the HKPEP Top 100 Global International Schools in Education Competitiveness 2024 was officially released.

The ranking is realized based on the international common education indicators in the UNESCO Statistical Yearbook, and the evaluation panel adopted "Education Input - Process - Effectiveness" as the assessment structure.

Allow me to wish all PORG International School community members a successful school year and to students and children many wonderful, inspiring experiences and the joy of learning on the pathway of knowledge.

Best regards,

Barbora Gazdová
PORG International School Headmistress

LITTLE BUTTERFLIES – Ms. Romana

Welcome to our Butterflies preschool!

Butterflies' preschool classroom is not only renovated, repainted and completely new decorated, but most important is, that is more suitable for the education of children of different age levels and stages of development.

This year all children are using activity book for writing and math. The preschool children are also practicing their writing skills into our Jolly Phonics activity books.

We are all excited for the new school year 2024/2025.

NEW YEAR, NEW STEPPING STONES

Year 1

I would like to welcome our new parents to Porg International Year 1. This is a special year for the kids, they are introduced into the primary school environment. This year we will learn more than just reading, writing and arithmetic. We will learn how to work with each other and how to grow together to make this year special. I wish us all the best of luck and look forward to our time together. -Ms. Aylin

Year 2

It was our pleasure to welcome a new student in our class this year – Ahhyun. She is hard working, quick at Maths, and always concentrates, exactly what adds to our working attitude. We are Year 2 now, so after mastering reading last year, we encounter new English book Oxford Discover 1. The older ones cannot probably even remember how big jump it was. Though, learning should be always fun. 😊 Also, Filip had a challenge to overcome the difficulties with his broken arm. All kids were kind and helpful even though Filip always wanted to prove his "survivor" skills. – Ms. Veronika

Year 3

A new year that has brought with it a giant leap for Martin, Liya and Minha's successful transition into Key Stage 2. Sadly we had to bid Minha and her family goodbye as they moved back to S. Korea. On a happy note, we welcomed Htet (Henry) to our little family of Year 3 class. In the month of school, they have already shown positive attributes in maturity and focus on success at school. We look forward to a wonderful year where they will continue to grow in all aspects of their school and personal lives. - Ms. Thabang

Year 4

Only a month into the new school year and already a strong bond between these four KEY2 students is developing - Minjoon, Dominik and newcomers to our school Ahmin and Sia are a great team. They have their own personalities and subject strengths but with some hard work in our English and Maths classes improvements will surely come in time - so onwards and upwards but always with smiles. - Mr. Sam

Year 5

It's the start of a new school year and we would like to extend a warm welcome to Nelly and Lucia and their families to the PORG community. Serin has done a great job of showing them the ropes and I look forward to being their home room teacher over the next two years. -Mr. Sebastian

Year 6

Here we are at the start of year 6, where things start getting serious! By the end of this year, we must be ready to begin secondary school so there are many challenges ahead! However, we have an excellent class and we are confident that all will go well, with a bit of hard work! -Mr. Jeff

SNAPS FROM THE CLASS

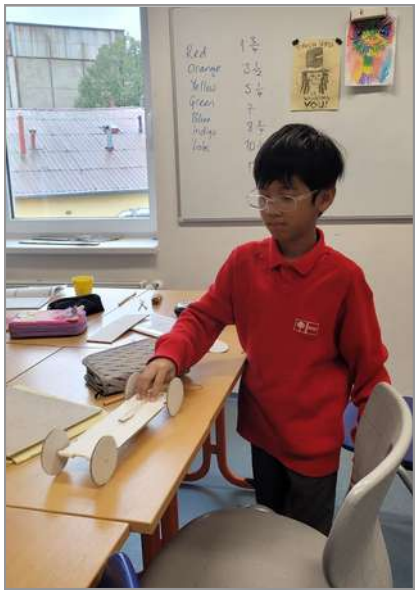

The year is in full swing mode, all students have already put behind them the sunny and relaxing summer holidays and are ready for the new year ahead. Our new students have already settled into the lessons and different clubs.

Take a look and see what if we have been up to....
