NEWSLETTER
DECEMBER 2024

Dear Parents and Children,

December and Christmas are known as the most wonderful times of the year. We all enjoyed a splendid time. We hope you did as well. At the beginning of December, St. Nicolas with the kind Angels and funny Devil visited us to reward our good kids with some sweet treats and some fruits. To show their appreciation, our children sang some carols and recited some poems for them. To top up on the festivities, the children decorated the Christmas trees in their classrooms. In continuation of the Christmas atmosphere, we hosted the Christmas Party on December 11. The children from Puffy Clouds, Little Fish and Little Tigers worked hard and prepared a wonderful Christmas Performance for their lovely parents as a little gift for them. The performances were held outside with lights around and the beautiful Christmas air. No eye stayed dry! After the performances, parents and children moved to their classes to enjoy the Christmas workshop. It was nice to have time to see you all there at such a hectic time. Sincerely, thanks to you all for coming and at the same time many thanks to those parents who brought tasty Christmas cookies, burgers and other yummy food. No tummy was starving on that day. In December, we also celebrated another Birthday. This time, the celebration was held in Little Fish and the Birthday Boy was Tomášek. Moreover, English Book Fair was held on Friday 13 December in PORG Aula. Children spent a nice time browsing nice children's books. Mrs. Zoe read Christmas story to them. On the last day of school, we had Morning Gift. We were blissfully charmed as we spent the morning before the Christmas break with Santa who came to bring us some presents. Children´s eyes brightened like stars.

Let the magic of love brighten your smiles and enlighten your souls.

Merry Christmas and Happy New Year 2025

Saint Nicholas

Moment of suspense!
“No, no, no, we’re not afraid, we’re not afraid of anything!” Or are we after all? Who would be afraid of a kind devil, a beautiful angel, and St. Nicholas, who brought gifts

Christmas Performance

In one word, Little Geniuses! There's nothing more to add, everyone who came saw it, our little singers. Hats off to all our little stars!

Christmas Workshop

And this is how you all worked. Some with your mom or dad, others even had the help of siblings or grandparents, and you made beautiful Christmas candles, tree or table decorations, ornaments. All such beautiful things, and most importantly, wonderful moments of peace and joy.
We're already looking forward to welcoming you at our tables.

Bookfair

So we finally made it :-) .. the 10th edition of the beloved Bookfair festival, and everyone found something for themselves. Some were excited about a dinosaur book, others about a book on the Universe, or about ponies. There was so much, and really everyone, both young and old, found their favorite book.

Santa is coming

"Will he come, won't he come?? He came! He was really here, but no one saw him, and yet we were impatiently waiting for him :-) and as for how it turned out and how much joy and smiles he brought to the children's faces, you can surely imagine just by looking at the photos. Some were most excited about the building blocks, others were amazed by the books, and someone was thrilled with the rocking horse... simply joy upon joy.

Little Tigers
