# NEWSLETTER NOVEMBER 2024

## MONTHLY NEWSLETTER FROM MŠ PORG BRNO

Time flies, and we are excited to bring you the third newsletter of this school year.
November was a month full of exciting events, learning opportunities, and joyful celebrations. Here's a look back at what made this month so special in our kindergarten.
We are so proud of everything our children have accomplished this month and look forward to even more memorable moments in December.
Thank you for being a part of our kindergarten community.

### VISIT OF OUR PRESCHOOLERS TO PORG MENDLÁK PRIMARY SCHOOL

## POTTERY CLUB

This school year, we are thrilled to introduce a brand-new activity – the Pottery Club. Thanks to the creativity and dedication of our amazing teacher, Jitka, this club has quickly become a favorite among the children.

# THEATER

Our kindergarten turned into a magical stage as the children enjoyed a wonderful theatre performance.

Laughter
Excitement
Curious eyes

# MUSIC TIME

We had the pleasure of welcoming a teacher from the Primary School of Arts, which is part of our complex. The teacher introduced the children to various musical instruments and led them in singing songs together.

We are already looking forward to the upcoming Christmas concert to which we have been kindly invited.
Thank you for this delightful experience.

# CANISTHERAPY

**„CANIS" – DOG**

**„THERAPY" – TREATMENT**

In the Myšičky class, the children had the unique opportunity to experience canistherapy with an amazing dog. They learned about proper ways to interact with dogs, what is safe, and what to avoid.

This wonderful experience brought the world of our four-legged friends closer to the children, and we are very grateful for it.

# SONGS AND RHYMES

## BIRTHDAY BLISS

# ARTS AND CRAFTS

# MY BODY, HEALTHY BODY

This month, our kindergarten was filled with fun and learning as we explored the topic of health across all classrooms.

The theme reminded us how important it is to take care of our bodies and make healthy choices every day.
