MONTHLY NEWSLETTER FROM MŠ PORG BRNO

january 2025

Dear Parents and Children,
The first month of the new year is over, and a brand new newsletter is ready for you. January was dedicated to our health and body.
We kicked off the month with a fantastic skiing course at SKI Hodonín near Kunštát, where the children had a wonderful time improving their skiing skills and enjoying the fresh air.
We also kept fit and had fun outside, moving in the snow and enjoying our little winter wonderland. Each class held its own Winter Olympics, where the children tried out various sports and activities, fostering both teamwork and enthusiasm.
January was also rich in birthday celebrations. The classrooms were filled with cakes topped with candles. Our sincere thanks go to the parents for preparing these lovely celebrations and for the delicious refreshments they brought.
What a great time we had in January!

SKI-SON'S GREETINGS!

Take a look at the slopes with us.

PIZZA, PIZZA, DO A PIZZA!

LITTLE - BIG STROKES

We have also resumed our swimming lessons, where the Little Owls class is currently getting familiar with water and enjoying their time at the pool.

TALE TIME

Our kindergarten was once again visited by the Kejle Theatre, this time with the delightful story of Smolíček.

WINTER OLYMPICS

When did you try curling for the first time?

At our kindergarten, the teachers prepared some winter Olympic sports for the children.
From mini ski races to snowball toss, and even hockey, the children demonstrated fantastic teamwork, enthusiasm, and endless energy.
Each child earned a shiny medal, and the biggest prize of all was their smiles.
