

Sunny April 2025

Dear Parents and Children,

As spring gently tiptoed in, April brought sunshine, blooming flowers, and a fresh breeze of excitement into our classroom. The days got a little warmer, the playground a little livelier, and our little explorers a lot more curious! With bright eyes and busy hands, we dove into a month full of fun, learning, and joyful moments together.
At our Easter Workshop, the kids went full-on festive: painting eggs like little artists, crafting bunnies, planting magical Easter seeds and bravely weaving willow whips - no fingers were harmed, we promise! Parents and teachers joined the fun with sweet treats, and the whole afternoon had a lovely, cozy vibe.
Our Little Fish class took a trip to the DOV and had a science-y, sparkly time in the Montessori Lab, where they whipped up a top-secret potion for happiness. Judging by the giggles, it worked wonders.
We also had some birthday fun! Big cheers and hugs to Arnie from Little Fish, Adámek and Verunka from Puffy Clouds, and Emmička from Little Tigers - may your year be as awesome as cake with extra sprinkles.
In a ceramics workshop with the ever-patient Mrs. Margit Batko, the kids got their hands gloriously messy while creating a surprise gift for someone very special (hint: it might be you... but shhh, no spoilers!).

Thanks for being part of these joyful adventures - we're so lucky to share them with you.
Here's to a blooming, beautiful May ahead!

Little Fish at DOV

The children from the Little Fish class had a fun-filled morning at the DOV. Every child truly found something they enjoyed, some happily dove into cooking, shopping, or building, while others became superstars. But everyone was amazed by the labyrinth and, in the end, absolutely loved the amazing Montessori lab.

Easter Workshop

Relaxed fun, amazing atmosphere, beautiful traditional crafts, happy and entertained kids, loads of treats and so much more! That's how we'd sum up our Easter workshop in just a few words.

A huge thank you to everyone who came, shared the joy with us, and supported the event by bringing all those delicious goodies.

And a special shoutout to our Easter whip-weaving expert, Mr. Halfar, what a pro! 😊 It's careful work, and we truly appreciate it. Thank you!

Easter Egg Hunt

Quick, quick, start searching!
For what, you ask? Easter eggs, of course!
Sure, it's not exactly a Czech tradition, but we're an international bunch and we love to celebrate everything!
It didn't really matter who found the most eggs; what mattered was that everyone gave it their best shot and had a blast doing it.

Ceramic Workshops

And here everyone tried their best. The children worked with full commitment, but mainly from the whole heart.
And why all that effort? Because they were creating something especial for their most beloved and the sweetest M..
And what exactly did they make? Ah, that's still a surprise! You'll just have to be patient a little longer!
