Dear Parents, Guardians, and Friends of our School,

It is my great pleasure to welcome you all to a brand-new school year! September always brings a sense of fresh beginnings, and it has been truly remarkable to see our pupils return with such enthusiasm. A special mention goes to our Year 1 pupils, who have taken a big step forward in their learning journey – we are so proud of them. We also warmly welcome all new children and their families who have joined our community this year. We look forward to working together to build a strong, supportive, and inspiring school environment for everyone.

Our first month back has been filled with a lot of activities. We started the year with a joyful opening assembly, setting a positive tone for the months ahead. The parents' and teachers' meeting allowed us to share ideas and strengthen our partnership in supporting children's learning.

The welcome party was a fantastic way to celebrate the start of the year, and our annual book fair was once again a great success.

One particularly inspiring highlight was the visit from the Red Arrows, who took part in the NATO Days. Their presence truly motivated our students, showing them what can be achieved through teamwork, perseverance, and passion. We were delighted that local TV Polar came to capture this exciting moment.

We are also pleased to announce new resources and opportunities for our pupils. This year, we are introducing new English and PSHE books from Cambridge Primary, which will enrich our curriculum. We have established a new partnership with the Arts School, so our pupils will now enjoy Fine Arts lessons alongside their musical activities. On a practical note, we are introducing new sweaters and cardigans made from a softer, warmer material, as well as new dresses for preschool and KS1 girls, ensuring our pupils are both comfortable and well-dressed.

Looking Ahead
The coming months are already shaping up to be exciting:
- Zoo Trip – Tuesday, October 7 (weather permitting)
- Autumn Holiday – October 27 – 31 (school closed)
- Halloween Party – Monday, November 1 (costumes requested; a fun "spooky" day for all)
- Parent-Teacher Individual Meetings – November 10 – 14
- Skating Lesson – November (date and time to be confirmed based on rink availability)

I would like to thank you for your continued support and involvement in our school life. Together, we can ensure that our pupils not only achieve academically but also grow as confident, creative, and caring individuals.

Wishing you and your families a joyful autumn season.

Warm regards,

Barbora Gazdova
Head of PORG International School

LITTLE BUTTERFLIES – Ms. Romana

Butterflies Welcome a New School Year!

The Butterflies were so excited to begin the new school year! The weather was just perfect for playing outside, and we made the most of it with lots of fun and laughter in the fresh air.

We also had a very special treat – a visit from the Red Arrows / The Royal Air Force! It was truly amazing to watch them soar through the sky. What a fantastic start to our adventures together!

SURPRISE

YEAR 1 - MS. VERONIKA

Our year 1 students are very active and involved learners. They have adopted their roles of students very well but of course, there is still lots of play and "hands-on learning" hidden in serious lessons. They are progressing well. We are learning new sounds, counting, geometry, living and non-living things, as well as skills like seemingly simple colouring (where the pencil control for writing letters is hidden). They enjoy PE lessons, music, and art to have more fun, relax, and socialize.

And what makes this year 1 special?

They have their opinions which they strongly promote, discuss ... and they are very chatty!!!

YEAR 2 - MS. AYLIN

I would like to welcome all the students to Year 2. This is a big step for them, as they are slowly getting prepared for life in KS2. We are focused more on reading and writing. The kids are encouraged to read on their own and then to their teacher. In Math, we still try to have some fun jumping on mats while learning to count in 2s, or remembering which numbers are odd or even. It's a big year for them, but with some hard work, they are all capable of succeeding!

YEAR 3 - MS. THABANG

I am so proud of the Year 3 students and the effort they are putting into their learning, especially as they are now in Key Stage 2. Each day, they show resilience, determination, and a real desire to prove themselves. From tackling challenging lessons to supporting one another in class, they are demonstrating what it means to work hard and aim high.

It is wonderful to see how their confidence is growing as they take on new challenges. Their dedication and positive attitude remind us all that with hard work and perseverance, great achievements are possible.

YEAR 4 - MS. THABANG

I am delighted to once again have Liya and Martin now in Year 4! They have settled in beautifully and are already making a fantastic impression. It has been wonderful to see how well they are working together—sharing ideas, supporting each other, and showing real enthusiasm for their learning.

Both Liya and Martin are doing very well in their school work and bringing a positive attitude to every lesson. Recently, they have been exploring how maths can be used both inside and outside the classroom. From solving tricky problems in lessons to spotting numbers and patterns in everyday life, they are showing us just how exciting and useful maths can be.

YEAR 5- MR. JEFF

It's the end of our first month back at school, and we have our sleeves rolled up, our noses to the grindstone, and our eyes on the prize!
We have decorated our classroom, got our books, and welcomed a new member to the class. Year 5 is a big step up in terms of maturity and concentration, but we will get there with time and training.
As we move into October, we will have to start getting serious, but September has been good to us. Year 5 are going to be fantastic story-tellers and writers in English, and with a bit of practice, accurate mathematicians too.
So now it's time to buckle up and knuckle down, pull up our socks and get our skates on. We've got the bull by the horns and we're in it to win it!

YEAR 6- MR. RUSSO

The new academic year has got into full swing and Year 6 is embarking on their final year in Primary School before they make the big leap to Secondary. This will involve lots of work and planning for Serin, Nelly and Lucia but I know if they put their heads down they will be fine.

Our class has shrunk by half as Maya, Noya, and the family have decided to return to Israel. Darwin has returned to England but may return in January.

I look forward to working with everyone to make this school year intellectually stimulating, fun, and rewarding for everyone.

SNAPS FROM THE CLASS

The year is in full swing mode, all students have already put behind them the sunny and relaxing summer holidays and are ready for the new year ahead. Our new students have already settled into the lessons and different clubs.

Take a look and see what if we have been up to....
