

"Wishing you all ... a Merry Christmas and a Happy New Year! Warm greetings from the entire PORG Kindergarten team"

Dear Parents and Children,

December was full of joyful moments and special experiences. The children enjoyed a fun and interactive Janáček Philharmonic program about concert etiquette, followed by a festive St. Nicholas celebration with angels and a friendly devil, which brought many smiles and excitement.

We also shared a lovely Christmas workshop with children and parents, filled with creativity, gingerbread, holiday punch, and a warm festive atmosphere. December birthdays were celebrated too - congratulations to our Birthday Stars, Martínek and Tomášek!

The Puffy Clouds group explored shadow play in their Zvídálek club, while another club worked with Bee-Bots, developing logical thinking and teamwork through playful programming activities.

The month ended beautifully with the Morning Gift, bringing small surprises to each classroom and shining joy in the children's eyes.

We wish all our families a peaceful Christmas and a New Year filled with health, happiness, and many magical moments together.

Ladí, neladí?!

On Friday, December 5th, we all went together to Klub Atlantik to enjoy a musical programme by the Janáček Philharmonic Orchestra called Ladí, neladí?!
The children were absolutely fascinated by the entire concert. It was far from an ordinary performance - throughout the programme, music was playfully combined with humour and constant interaction with the children. Thanks to this engaging approach, the children were not just passive listeners but became active participants and co-creators of the musical experience.
It was a fun, inspiring, and truly unique cultural event that left a lasting impression on all of us 🎶

A Saint Nicholas Visit

On Friday, December 5th, after a wonderful cultural experience, we were pleasantly surprised by a visit from St. Nicholas, accompanied by a kind angel and a devil who stayed mostly in the background, occasionally rattling his chains.
A few brave children quietly wondered whether they had been naughty this year, but the atmosphere remained cheerful and friendly. The children sang songs or recited a short rhyme and happily received a sweet treat from the angel 🎁

Christmas workshops

On Monday, December 8th, we all came together again to enjoy a lovely afternoon at our Christmas workshops. We created Christmas ornaments and other handmade decorations that filled our classrooms with true holiday spirit. Both children and adults—mums, dads, grandparents, older as well as younger siblings—joined in the fun and creativity.

A warm and friendly atmosphere filled the entire afternoon. Everyone chatted, laughed, and enjoyed delicious treats along with a cup of festive Christmas punch.

It was a wonderful event, and we would like to thank everyone for their fantastic participation and for bringing such a pleasant and joyful mood into our classrooms. We look forward to seeing you again at our next gatherings! 😊

A Magical Last Day at Kindergarten

The greatest excitement and joy came on the very last day at kindergarten. Quite unexpectedly, Baby Jesus visited us and left a generous gift surprise in every classroom. The children's reactions were priceless - joyful shouts, laughter, and even there were moments so touching it felt like a tear might slip out at any second. It was a truly magical moment filled with wonder, excitement, and the spirit of Christmas.

Zvídálek

A December Full of Discovery

Throughout December, the children from Puffy Clouds enjoyed lots of fun while also gaining new knowledge, information, and skills. During one session, they explored shadows and shadow play-literally playing with shadows, discovering how they are created, and even making their own paper puppets for a shadow theatre.

In another activity, the children worked with Bee-Bots, where the hero Super Mario set off on a mission to rescue Princess Peach. Through play, the children developed logical thinking, cooperation, and spatial awareness - all while having a great time.

Well, what can we say… children in Zvídálek are never bored and enjoy every moment to the fullest.
