Horseback riding every day at Farma Vysoká in Chrastava

If you are interested in horses and want to ride – whether you are an experienced equestrian or have never yet put your foot in a stirrup – this is the school-in-the-countryside for you. We shall spend every day at Farma Vysoká learning about horses, riding, relaxing, and having fun.

If you like animals and new people, don't mind getting your jeans dirty, and are nice to your classmates, we would love to have you on this trip.
