MONTHLY NEWSLETTER FROM MŠ PORG BRNO

february 2026

In cooperation with ZUŠ, we organised an art workshop in our school, where children explored new techniques and developed their creativity. On the following pages, you can also read about the visit from the English teachers from ZŠ PORG, who prepared fun activities for the children.

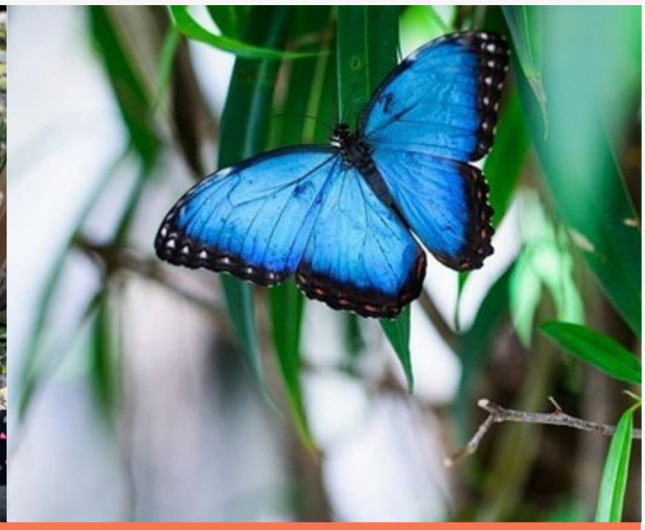

PAPILONIA BRNO

Children from the Mice Class visited Papilonia Brno, where they had the opportunity to observe beautiful tropical butterflies up close.

WINTER PROJECT WITH ZŠ PORG

The children enjoyed an amazing and funny morning with the English teachers from ZŠ PORG. They also had great fun trying "ice skating" without skates.

WHAT DO I WANT TO BE WHEN I GROW UP?

In the Mice Class, the children had the opportunity to try both traditional and less traditional jobs and professions.

And what did you want to be when you were little? An astronaut, a doctor, or maybe a firefighter? 🚀👩‍⚕️

SNOW TIME

Snow conditions in Brno also brought us lots of fun. We grabbed our shovels, put on our warm gloves, and got to work. Hooray, the snow is here! ❄
