NEWSLETTER
FEBRUARY 2026

Dear Parents and Children,

In February, our playground was transformed onto a sparkling white wonderland. Then chidlren fully embraced the snowy days, spending our outdoor time building snowmen, exploring the „crunchy“ ground, and enjoying the crisp winter aura. It was such a joy to see their rosy cheeks and big smiles as they discovered the magic of a true winter.

Further, a very special “Happy Birthday“ goes to our February star, Julinka! Thank you for bringing so much brightness and joy to our kindergarten!

Inspired by the Winter Olympics currently taking place in Italy, our children had the chance to try out one of the Olympic sports themselves! A huge round of applause for our oldest kids who participated in skiing course at Skalka! It was incredible to watch their bravery and persistence as they took to the slopes.

Ski course

Right after the pleasant holidays, during the week of February 16th, our preschoolers enthusiastically set off for their week-long ski course at our well-known Skalka ski resort. And what an adventure it was!❄️The children enjoyed lots of fun, fresh air, and most importantly, they significantly improved their skiing skills. They were all incredibly capable, and each day brought visible progress - even for those who were standing on skis for the very first time. We are very proud of their courage, perseverance, and enthusiasm. Well done, little skiers! 🎿

European day at school

On February 5th, we visited our friends at the school, who had prepared a wonderful and engaging morning for us as part of their European Days project. Together, we “traveled” across Europe, learned many interesting facts about different European countries, and even had the opportunity to taste some traditional treats from selected nations. It was fantastic to see how much effort the students put into preparing the program. A big thank you to all of them for the excellent organization and preparation! 🇪🇺

Masopust Feast

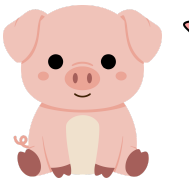

On Saturday, February 28th, we enjoyed a relaxed and almost family-like traditional day together at our Masopust celebration. The sun was shining beautifully, the program was full of activities, and there was plenty of good cheer all around.

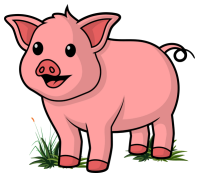

We enjoyed live music, delicious treats, fun competitions, and lively dancing in costumes. The children were also introduced to traditional Masopust feasting and the symbolic “burying of the bass,” which marks the end of the festive season.

We are very happy that we could spend this wonderful day together with you and we are already looking forward to our next gathering. 😊

Happy Birthday everyone!

Veronika
