MAY ADVENTURES

May was a month full of new experiences, outdoor activities, and special events. One of the highlights was our School Field trip to Valašské Klobouky, where the children spent time outdoors, explored the local surroundings, and enjoyed many fun activities with their friends.

Our cooperation with ZŠ PORG Brno continued as the children prepared a short English performance and then took part in a reading corner with primary school pupils.

In all classes, children and teachers prepared a lovely afternoon programme for Mother's Day, creating a warm and welcoming atmosphere for families. We also visited Filharmonie Brno and enjoyed the educational concert Violin Animals, which introduced the children to music in an entertaining way.
As the school year is slowly coming to an end, we are looking forward to the many exciting activities that still await us.
