May 2026

Dear Parents and Children,

May has brought a lot of joy, sunshine, and exciting events. Let's look back at them!

Our amazing kids successfully finished their swimming lessons in Brušperk. Moreover, some of them took part in a week-long inline skating course, where they got to try skating both indoors and outdoors. And they were great!

We also celebrated Mother's Day by making little presents for the best mommies in the world. Plus, we had a podiatric foot screening for our kids. Furthermore, we visited the 2nd grade at our PORG primary school, where the older kids prepared a presentation about domestic animals for us.

The Birthday Stars of May are Edík, Sofinka, Helenka, Nella, and Klaudinka. We wish them a very happy birthday filled with big smiles and happy memories!

And at the end of the month, the children from our "Puffy Clouds" class had their graduation. There wasn't a dry eye in the garden, and the kids showed that they are truly ready for school. We are all incredibly proud of them and wish them a wonderful start to their school life.

Inline skating course

During the week from May 11th to 15th, a total of 25 children took part in the inline skating course, and they were absolutely amazing! Even the youngest ones, who stepped on skates for the first time ever, managed by the end of the week to stand on their own and even do a few turns. And the best little skaters started jumping over obstacles, weaving through a slalom, and more. They were all total heroes, and we couldn't be prouder! Huge thanks go to our incredible coaches, who worked wonders with the kids and really made a huge difference. You are all fantastic!

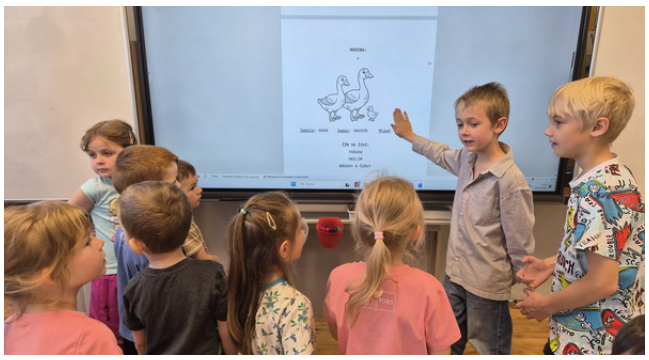

Elementary school project

Farm animals

On Wednesday, May 20th, we all, along with the children, visited the elementary school, where the second graders had prepared a project on the theme of farm animals. The stations were about different farm animals and were really amazingly prepared. Some even had a whole farm set up, and the children learned a lot of interesting information. They could touch and try out many fascinating things about these farm animals, and we really thank the schoolchildren; they were absolutely brilliant. Thank You!

The Preschoolers' Graduation Ceremony

Our oldest children, our wonderful preschoolers, reached an important milestone on Thursday, May 28th, 2026, when they were officially graduated and welcomed among the schoolchildren.

The ceremony was full of smiles, pride, and touching moments. Our little stars showed remarkable courage as they stepped onto the stage and performed in front of parents, teachers, and friends. They did an amazing job, and we couldn't have been prouder.

As tradition has it, the younger children said goodbye by singing a special farewell song, which made the occasion even more heartfelt. There were many smiles, a few misty eyes, and countless beautiful memories.

To all our future schoolchildren, we wish you lots of success, wonderful friends, joyful discoveries, and many happy adventures at school. Be curious, be brave, and always believe in yourselves. We are incredibly proud of you and grateful for all the moments we have shared together. We are excited to see you spread your wings and begin this new chapter. Good luck, dear schoolchildren! ❤️

And last but not least, a big thank you to Miss Vasiliki and Miss Eliška, who guided our little adventurers through all their kindergarten journeys and safely led them all the way to the gates of school. ❤️

Podiatric Screening

On Tuesday, May 26th, some children, based on parents' interest, took part in a pediatric foot screening. We care deeply about the health of our little ones, and we are so glad that so many children participated in this important initiative. The results will be sent to parents by email in the next few days. Thank you so much for your interest and trust – your children are our top priority.
