NEWSLETTER SEPTEMBER 2026

WELCOME TO OUR KINDERGARTEN

The first month of the new school year is already behind us, and we are happy to share some of the special moments we have experienced together.
September was a month of new beginnings, new friendships and settling into our daily routines. Our Little Mice, Little Owls, Little Frogs and Little Bees have been busy exploring, learning and getting to know each other and their new surroundings.
We also had the opportunity to meet together outside the kindergarten during our Indian Adventure Trail, where children and their families enjoyed an afternoon full of challenges, movement and fun.
This month also brought new opportunities for our preschoolers. We started our EDa-STIM educational and stimulation sessions and introduced additional preschool preparation with our school principal, focusing on skills that will support children as they prepare for their transition to primary school.
Across all our classes, September was filled with outdoor adventures, creative activities, English learning, music, movement and plenty of time spent together. We are grateful for the wonderful atmosphere our children, families and teachers are creating together.

PRE-SCHOOL TIME

Since the beginning of this school year, we have expanded our preschool preparation with regular sessions for our preschoolers led by our school principal.

We focus on developing early literacy and numeracy skills, fine motor skills, attention, visual and auditory perception, as well as independence and concentration. This time, we explored the topic of fruit and vegetables – identifying initial letters, clapping out syllables and practising visual perception and orientation.

A GLANCE INTO OUR CLASSROOMS

Our Busy Bees have been busy getting ready for school. Through fun activities, games, and creative projects, the children are developing important skills for a smooth start to primary school.

BIRTHDAY FIESTA IN SEPTEMBER

HAPPY BIRTHAY ELIŠKA!

EXPLORING OUTSIDE

Let's go outside

Our walks around the neighbourhood are always an opportunity to explore, play and learn. We visit local playgrounds, discover nature around us and enjoy plenty of outdoor time together.

SWIMMING LESSONS

In September, the children from the Frog and Mouse classes started their swimming course. They are enjoying their first lessons in the water.

A SPECIAL INDIAN ADVENTURE TRAIL

Children, parents and siblings followed the trail, explored every corner of our kindergarten and got to know our teachers in a fun and different way.

It was a wonderful first opportunity to come together as a community and take the first step into a new school year – children, parents and teachers side by side.

EXTRA ENGLISH WITH SARAH AND RENATA

Extra English with Miss Renča and our new native speaker Sarah. Following Sylvie Doláková's Lets Start set for early age beginners and intermediate learners, children were introduced to new words and actions to support their understanding as well as speaking.
