Welcome Newsletter 2026

Dear Parents, Pupils, and Friends of PORG International School,

The first month of the new school year has been full of energy, excitement, and many special moments at PORG International School.

We began September by welcoming our pupils and families back to school on the first day, coming together for our first assembly and celebrating the start of another year of learning and growing together. It was wonderful to see familiar faces again and to welcome new children and families into our school community.

Our youngest pupils in the Butterflies class also welcomed a new teacher, bringing new energy and experience to our Early Years team while substituting for our colleague currently on long-term sick leave. The children have settled into their routines beautifully and are already enjoying learning, creating, playing, and building new friendships.

A highlight of the month was our Welcome Party, which brought pupils, parents, and staff together in a friendly and relaxed atmosphere. We were delighted to see our school community enjoying time together and strengthening the relationships that make PORG International School such a welcoming place.

September also gave us many reasons to celebrate learning and achievement. We were very proud of Lakshitha's success in the international art competition and delighted to see her creativity recognised. Our traditional English Book Fair once again encouraged a love of reading, while Roald Dahl Day brought stories, imagination, and literature to life across the school.

We are also pleased to continue our collaboration with ZUŠ Eduarda Marhuly, giving pupils further opportunities to develop their musical and artistic talents. Through a wide range of extracurricular clubs, children can explore different interests and discover new areas where they can thrive.

The first month has already shown how varied and exciting the year ahead will be. Our pupils can look forward to many events, off-site trips, educational visits, workshops, courses, celebrations, and special projects throughout the school year.

At PORG International School, we want every child to discover their Passion, create new Opportunities, become Resilient, and continue to Grow. September has been a wonderful beginning to that journey.

Thank you to all our pupils, parents, teachers, and colleagues for such a positive start to the year. I wish everyone a lovely autumn and look forward to all the experiences and achievements still to come.
Warm regards,

Barbora Gazdova
Head of PORG International School

Passion • Opportunity • Resilience • Growth

LITTLE BUTTERFLIES - MS. RUBY

This month in Kindergarten, our classroom has been a vibrant hive of energy, exploration, and hands-on learning! The children have been busy developing their fine motor skills and creativity through engaging art projects, proudly showing off their handmade red butterfly crafts and colorful 'T' for tree collages.

We've also been busy building early literacy and numeracy skills through fun sorting and tracing exercises. Beyond the classroom, we headed outdoors for some garden exploration, where the children joyfully worked together to plant lovely new flowers into our pots. It has been an absolute joy watching our young learners grow, connect, and thrive this September!

YEAR 1 - MS. AYLIN

Year 1 is progressing nicely together. We are learning all there is to know about rules and proper behaviour in school, as well as getting to know each other. The first few weeks in Math have been about numbers, mostly from 1-10. We try to find fun ways of counting, either using ourselves or block towers. In English we are still at the beginning learning the first sounds and sounding out words, learning to spell. In Science we were lucky to get some sunflowers from Ms. Veronika's garden, and we dissected them, and found the seeds. Nature is always amazing! We look forward to more amazing discoveries.

YEAR 2 - MS. VERONIKA

I would like to welcome all the students to Year 2. This is a big step for them, as they are slowly getting prepared for life in KS2. We are focused more on reading and writing. The kids are encouraged to read on their own and then to their teacher.

In Math, we still try to have some fun jumping on mats while learning to count in 2s, or remembering which numbers are odd or even. It's a big year for them, but with some hard work, they are all capable of succeeding!

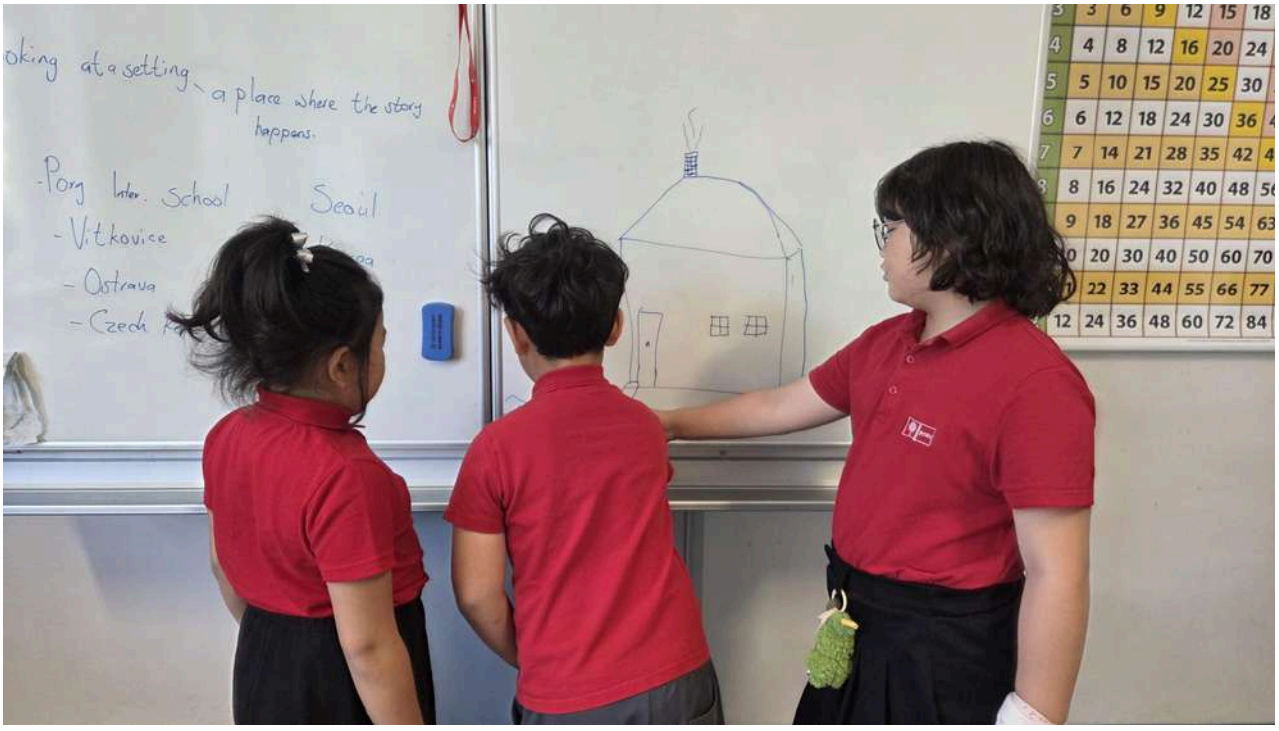

YEAR 3 - MS. THABANG

I am so proud of the Year 3 students, Yuna, Teiyang and Hyeri. They have settled well into their new class and are ready to put in the effort in their learning, especially now that they are in Key Stage 2. They already have a special bond amongst themselves from KS1. From tackling challenging lessons to supporting one another in class, they are demonstrating what it means to work hard and aim high.

It is wonderful to see their confidence grow as they take on new challenges. Their dedication and positive attitude remind us all that with hard work and perseverance, great achievements are possible.

YEAR 4 - MR. SEBASTIAN

Summer is over, and the new academic year is now in full swing and Year 4 is embarking on another year of learning and discovery.

Our class this year is made up of 5 students: Ahhyun, Aneta, Filip, Victorie, and Jaeyoon.

We unfortunately had to say goodbye to Polina and her family this summer as they have returned to Ukraine, but I am happy to announce that we are joined by Jaeyoon from Ulsan and his family, and I would like to extend a huge welcome him and his parents, Ms. Yang and Mr. Lee, to our school.

I look forward to working with everyone to make this school year intellectually stimulating, fun, and rewarding for all students.

YEAR 5 & 6- MR. JEFF

Year 6 are getting the hang of being in Year 6, along with the increased need for organisation and handling a workload. They have organised their classroom, made suggestions for organising the topics we have to study and are getting used to the concept that they are the oldest pupils in the school and all the younger ones look up to them! In short, they are getting used to responsibility and accountability!

Year 5 is finding his feet well in his new environment. He is adapting to the higher academic requirements of the curriculum and the concept of becoming a role model himself, as one of the older pupils.

AFTER SCHOOL CLUBS

We are excited to continue with this year's fantastic selection of after-school clubs! Our students can explore their interests, develop new skills, and have fun with friends through;

- Art Club and Music (ZUŠ Eduarda Marhuly)
- Science Club
- Rubik's Cube
- Martial Arts
- Drama
- Coding
- Digital Skills
- Logic
- Craft
- Teamwork Challenge

With such a diverse range of activities, there is something for everyone! We look forward to seeing our students learn, create, collaborate, problem-solve and discover new passions throughout the year.

ART CLUB WITH MS. VERONIKA

Our school is proud to continue its collaboration with ZUŠ Eduarda Marhuly. Our pupils are talented and enthusiastic young artists, and we are delighted to support them as they develop their artistic skills, creativity and confidence. Through this partnership, we continue to nurture their passion and love for the arts.

Welcoming Everyone Back

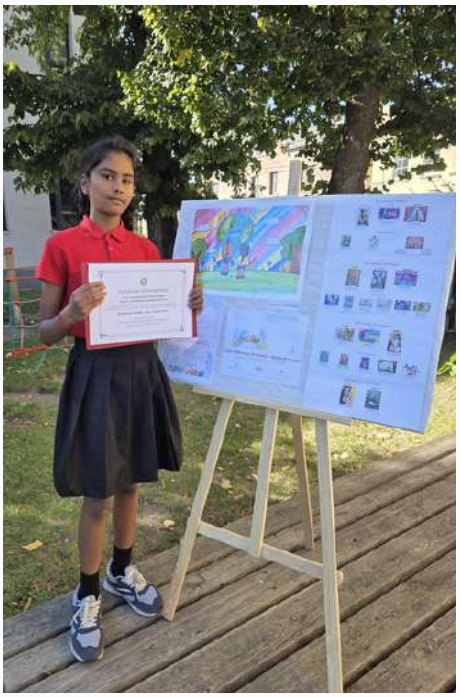

WELCOME PARTY

Our annual Welcome Party on September 15th was a lovely opportunity to reconnect with familiar faces and meet new parents and students. Over refreshments and friendly conversations in a relaxed, informal setting, we enjoyed strengthening our school community and welcoming everyone to another exciting school year.

We also celebrated a special achievement as Subalakshita in Year 6 received an award in the art competition organised in collaboration with the Art School, ZUŠ Eduarda Marhuly, recognising the creativity and artistic talent of our pupils.

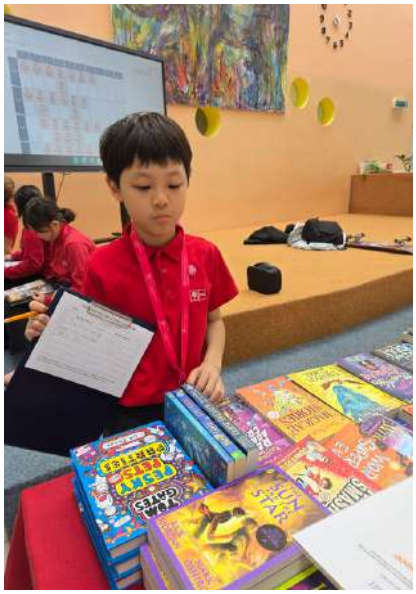

BOOK FAIR

Our annual Book Fair was a wonderful celebration of reading and a love of books. Pupils had the opportunity to explore a wide selection of exciting titles, discover new authors, and choose books to enjoy at home. The book fair encouraged curiosity, imagination, and a lifelong love of reading. It was lovely to see so many enthusiastic young readers finding their next favourite story!

GOOD
WORK

ROALD DAHL DAY

Our pupils enjoyed a delightful celebration of Roald Dahl Day with Ms. Karla! Through stories, activities and a little imagination, the children explored the magical world of Roald Dahl, celebrating the joy of reading and the power of storytelling.

PLANTING PROJECT DAY

As part of our ongoing Eco Project, Mr. Sebastian led our pupils in planting beautiful flowers for the window sills and around the school. The activity encouraged environmental awareness, teamwork, and a sense of responsibility while helping to make our school a greener and more welcoming place.
