October Highlights

Dear Parents and Children,

October has been a wonderful and eventful month at our kindergarten! Throughout the month, we observed the changing seasons and enjoyed unusually warm, sunny October days. The children explored the colourful autumn leaves, soaked up the sunshine, and learned how nature prepares for colder months through fun outdoor and indoor activities and crafts. Our afternoon clubs, such as Povídálek and Zvídálek, have also started in October.

We had a special visitor this month! A humanoid robot came to visit our school. The children were absolutely fascinated to see technology in action, interact with the robot, and learn a little bit about how robots work.

On 22nd October, The Puffy Class set off to the library in Marianské Hory to enjoy magical sensory games and activities. On 23rd October, we all enjoyed some festive spooky fun by celebrating Halloween. We wrapped up our Halloween activities with lots of excitement! From creative costumes and crafts to fun songs, games, and dance, we all spent a fantastic time celebrating together. "Hee Hee Hee"!

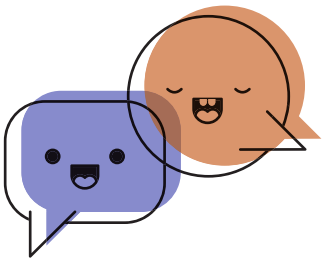

October Birthday Stars are Věra, Sofinka, Adam, and we wish you all a magical birthday.

Finally, during the last week of October, the children enjoyed their autumn break, getting some well-deserved rest and time with their families.

EXTRA CURRICULAR ACTIVITIES

Spreech therapy-Povídálek

"Every little word is a big step toward being heard."

Talented Children Club-Zvídálek

"Little hands, big questions, endless discoveries."

EXTRA CURRICULAR ACTIVITIES

A magical sensory experience in the library

"Every library visit opens a little door to a world of wonder."

Spooky Halloween

"Tiny witches, brave little monsters, and curious minds turn Halloween into a world of imagination and wonder!"

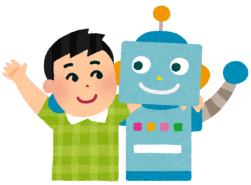

WELCOME TO PORG, HUMANOID

Meeting a humanoid robot is a privilege saved for few; dancing and taking photos with one is probably only for PORG children!

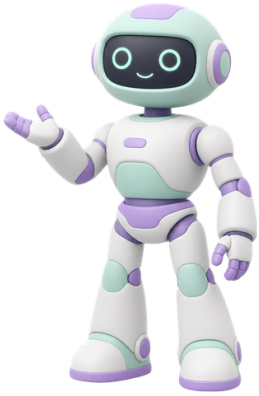

> *Technology opens little windows to a big world, but children learn best when they explore it with wonder.*

A GLANCE INTO OUR CLASSROOMS

A window into our vibrant days! Explore the rhythm, words, and art created by our Little Woodland, Little Fish, and Puffy Clouds this month.

“Little hands create, curious minds discover, and big imaginations bring possibilities to life.”

HAPPY BIRTHDAY

Growing up is a wonderful adventure — enjoy every magical step along the way!
