AUTUMN IS HERE

Dear parents,
we are excited to share with you some of the highlights from the past month at MŠ PORG Brno, filled with new experiences, learning and time spent together.
Our cooperation with ZŠ PORG continues through the English Project, while our collaboration with the Pedagogical-Psychological Counselling Centre has brought opportunities to support our children's individual development through observations and the MaTeRS screening.
Our children have also started swimming lessons and regular exercise with Medvěd Eda, discovering new skills and enjoying plenty of movement along the way.
And, of course, it was lovely to meet so many of you at our autumn workshop, where children and parents spent time creating and enjoying the autumn atmosphere together.
Thank you for being part of our PORG community. We look forward to sharing more experiences and special moments with you in the months ahead.

CREATING TOGETHER: AUTUMN EDITION

ENGLISH PROJECT WITH ZŠ PORG

The children enjoyed an amazing and funny morning with english teachers from ZŠ PORG.

MATERS

Our preschoolers took part in the MaTeRS screening, which helps us get a better picture of their current skills and development before starting school. The screening focuses on areas such as attention, speech, auditory and visual perception, and fine motor skills.
